Hello Richard :

Here are the killifish scans I have to date. There are 700+ on the slide. I will be doing more illustrations to fill in some of the gaps.

Please note that these are copy righted by Natural Selections Fine Arts and myself. They are to be used for our killifish guide.

I am looking forward to see what you have in mind.

You can email me @ [KENTHEARTIST1@MSN.COM](mailto:KENTHEARTIST1@MSN.COM).

Have fun.
