

Ladies and Gentlemen:

The Members of your City Council join with me in extending our best wishes to each of you.

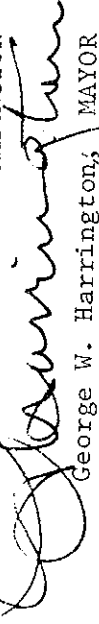

To those who are graduating this term - we hope that your future will provide all the good things that life has to offer. To those who remain - we trust that your remaining years at Lord Elgin will provide the incentive to finish your education.

We take special note that this is the Fifth Anniversary of Lord Elgin High School, and we must congratulate all of those who were responsible for its inception and obvious success. We are pleased that we were able to provide what we consider to be the finest swimming facility in this part of Ontario.

Your city has provided you with the best that is available. It now depends on you to take advantage of that opportunity.

Best regards,

CORPORATION OF THE CITY OF BURLINGTON

George W. Harrington, MAYOR
